A SOUTHSIDE PARK.

Leading Citizens Have Two Plots Under Advisement

Other is On the Hill.

BOTH SPOTS ARE VERY BEAUTIFUL.

The Plans Will Soon be Presented to the People for Their Approval.

IT IS ONLY A SMALL MATTER OF \$42,000

For some years past the residents of the Southside have keenly felt the want of a public resort. From time to time spasmodic attempts have been made to interest the people in a park project, which always failed because the citizens were indifferent or lacked an appreciation of the necessity of this want. At last there is an awaking from the lethargy which has so long existed. The idea is assuming practical shape.

Before the Southside people two schemes

will be presented from some of the influential citizens who have the weltare of the community at heart. It is said no part of Pittsburg from a hygienic standpoint tso much demands a park as this part of the

An interview was sought last night with Dr. Thomas to ascertain the feeling of the people and the nature of the movement on this all important scheme. He said:

"We have been agitating for a long time the necessity of procuring a park. About eight years ago, at the summit of Mount Oliver Incline, a large tract of land of 60 acres was offered to the residents for the sum (if I remember correctly) of \$30,000. but by some narrow-sighted policy the offer was not taken up, and the ground was sold in lots. The aggregate worth of this piece of ground at the present is at least \$350,-

HE IMPORTUNED IN VAIN.

"At the time the ground was slipping through our fingers I importance the owners of the incline plane to purchase it, and lay it out as a public park. Had they done this they could have cleared in one year by traffic the purchase money. However, the scheme has fallen through, and it behooves us to cast away our swaddling clothes, and come up to the nineteenth century idea. For various reasons we must have a park. The Southside owing to its closely packed manufactories, calls for immediate action to be taken.

"At the head of the Castle Shannon Incline there is a fine property belonging to Mr. Bailey, which is about 60 acres in exground now is a farm, and would be available for park purposes. It has a commanding view from the top, and is in every way suited for the purposes we want it. It is also easily accessible. At one side is Beltzhoover, opposite Allentown, and to the right Mt. Washington. I feel safe in saving it this land could be acquired for \$50,000 or \$60,000, the Southside will see a realization of its dream,"

THE SECOND PLAN UNFOLDED. The other scheme before the Southside as told by a prominent doctor who withholds

his name, but who speaks with enthusiasm on the subject, is as follows: been watching the property of the late James S. Hays at Becks Run. It is situated just at the city limit. When the traction road is completed it will run to the ground. There is also river accommoand the Pittsburg, Virginia Charleston road has a station at Lucas, which would adjoin it. Running parallel with the river is a promenade with a view unsur-

passed in Western Pennsylvania. The eye can sweep up the Monongabela as far as the city which bears its name. At every point scenery of marvelous beauty opens up before the delighted gaze. The whole place is wonderfully picturesque. In natural beauty it outrivals Central Park, New York. There are splendid ravines, small lakes, wooded walks and a maze of the most exquisite shrubbery. SOME BARRIEKS IN THE WAY.

The only barrier that stands in the way now is the number of heirs who conjointly have an interest in this part of the estate. Whenever it is released a number of prominent Southside manufacturers, in conjunction with the people, are willing to come to the front and purchase it for the use of the prople residing on this side of the river. This property, which contains about 600 acres, can be had for about \$42,000!

INDUCTED INTO OFFICE.

The Officers of the Second Congregational Church Installed.

The following officers of the Second Congregational Church, until recently the Union Park Chapel of the Cumberland Presbyterian Church, were formally inducted into office by the pastor, Rev. J. H. Barnett, yesterday forenoon: Trustees, John Young, John Buchanan, W. H. Monniger, William Craig and William Shaw: Church Clerk, S. S. Bobertson, Esq.; Treasurer, D. H. Simpson; Deacons, James N. W. John-son, William Shaw and William Craig. The standing committee will consist of the pastor, the deacons, Mrs. L. Roberts and Mrs. Barnett. Rev. Mr. Barnett preached on the duties of the deacons according to the primitive Christian ideas, and elucidated the work required of the other church offi-

THE DAMAGE IS \$200.

A House Takes Fire in Which Were Four

Typhoid Fever Patients. About 2 o'clock yesterday afternoon fire was discovered coming from the roof of a house occupied by a widow named Mrs.
Sophia Bennetz, at 78 Compromise street, Allegheny. An alarm was sent in from boxes 212 and 214, both of which are in the pay the salary, likewise holds that Allenear vicinity. The department was quickly on the ground and saved the building, a two-story frame structure, but a loss of about \$200 was entailed.

Four children of Mrs. Bennetz, all grown, were in the house at the time in more or less violent stages of typhoid fever. They were all carried out safely and cared for by neighbors.

SUSPICIOUS CHARACTERS.

Three Men Accused of the Recent Depredations on the Hill.

Three men were arrested yesterday as suspicious characters, who are charged with many of the recent depredations in the Hill district. They were Frank McMahon, Edward Murray, and Ike Wheeler, the last named having served two years in peniten-tuary for complicity in the wholesale Panhandle robbery.

Their Opening Exercises.

Religious services attending the opening of the school year of the Ailegheny Theological Seminary of the U. P. denomination, were held last evening in the Second United Presbyterian Church, Allegheny. There was a large attendance. Rev. Dr. David A. McClenahan, President of the seminary, preached to the pupils, A BOOBY OF A BOY.

He Bellows Because He Couldn't Learn His Lessons and Runs Away-Sad Case of a Woman Left by Her Husband.

age, arrived in the city yesterday morning with a large value and a copious supply of tears. He told a very pathetic story, but failed to excite sympathy in the generally susceptible bosoms of Chief Brown's Finest. AND ARE RAISING MONEY. He said his home was at 21 Fairview avenue, Newark, N. J., whence he was sent to One is 600 Acres at Beck's Run, the of Southside to Milwaukee, last week. His parents intended him to study for the priesthood, but after three days' study the lad thought the classics were too much for him, the effect of Latin on him being his eyes sore. He admitted also getting very homesick, and thought the seminary pies were not like what his mother used to make. He concluded he would start for home, and resume the investigation of maternal pies while forsaking those into the eye-burning

and obnoxious Latin. He just had \$10 in his pocket with which he paid his passage to Chigago and thence to Pittsburg, putting his trust in Providence to get through to New Jersey, where he expects to meet the reception of the paid to make the reception of the paid to make the sergeant was making an entry. They entered the cells and left with a boldness the prodigal son, though his tear-stained face showed surface indications rather of a dread of backing up against a shingle in his father's hands applied where it would do the most good. The police bureau will investigate the boy's story and communicate

with his parents. Another traveler, whose case is certainly nore likely to provoke sympathy, is Mrs. Beasley, now in the Central station awaiting transportation to New York, where she expects to interest the English Consul in her case sufficiently to get her transporta-

tion across the ocean.

The woman came from England with her husband 18 months ago and was deserted by him in Cincinnati last month. Left helpess in a strange country with a little infant depending on her for support, the poor woman did not know where to turn. She sold out the little furniture which her faith-less husband had left, paid the rent of their rooms for last month, and applying to the Cincinnati authorities for passage home, was forwarded to Pittsburg. The case will be submitted to the Department of Charities

IN GRIPP'S COURT.

The Population of the Workhouse Increased

Since Saturday. There were 30 cases even at the Central Station hearing yesterday morning, 10 of them common disorderlies and 10 of them common drunks. Seven persons were given workhouse sentences, among whom was Richard Layton, who failed to prove an alibi on the suspicion of having stolen Robert Elliott's watch from his vest, that was hanging up in Jackman's livery stable; 30 days was his sentence. John Benley got 30 days for blowing a police whistle on Third avenue; he said he had been put out of a house there and wanted it pulled, so blew his whistle to attract the police.

Sadie White, a denizen of the Yellow row, got 30 days for being very drunk, extremely dirty and very disorderly. Emery Spires had refused to pay his fare on a Pennsylvania Railroad accommodation train, and when put off by Conductor Watt threw boulders at the cars; the conductor appeared against him and Spires got 30 days.

Joseph Reddick and Edward Meredith

each got 30 days for fighting and pulling revolvers in Clark's court, and Kendall got the same sentence for abusing his wife and child and putting them out o their home, on Poplar alley. David Deutsch had been arrested for driving his wagon against the team of another rig, to the injury of one of the horses; his crime was augmented by his treatment of Officer choice of a \$20 fine or 30 days. He chose the grip until it was useless.

"We have the former.

George Heisted, charged with felonious committed to jail yesterday by Squire McCloskey, of Port Perry, on oath of Jos. Corbett. He will have a hearing on the 11th inst.

SOUTHSIDE PLANS FOR AID.

A Syndicate Being Formed to Raise \$20,000 for the Hospital.

A quiet movement is on foot on the Southside in behalf of the proposed erection | east. of a new hospital. The present building is wholly inadequate for the wants of that rapidly growing part of the city, and this opinion is shared in by a large number of well-disposed gentlemen who are willing to aid the scheme financially.

A member of the Board of Directors of the Southside Hospital said yesterday that steps would soon be taken to foment matters toward the beginning of such a movement. He said 40 gentlemen, who will guarantee \$500 each, and the \$20,000 thus obtained is to be used for the purchase of a site for the new hospital. The Legislature will then be called upon for aid, and together with private contributions a hospital worthy of the Southside, can be erected and main-

Ex-Alderman Ammon, of the Southside was also interviewed vesterday, and he said: "While I have a hesitancy in pushing myself into such matters, still I believe it can be accomplished, I am ready at any time to help, and I am willing to be one of the 40 citizens to contribute \$500." Several available sites for the propos new hospital have already been examined by the projectors of this movement.

NO DOUBT ABOUT HIS TERM.

Eminent Lawyers Say That Mr. Pearson is Mayor for Four Years.

There appears to be little or no foundation for a dispute relative to the length of the term of office of the Mayor of Allegheny. The law of June 26, 1885, says that the Mayor of a city of the third class shall serve for four years and shall not be eligible for a second term. The operation of this law depends upon the classification of Allegheny. Mayor Pearson has secured the opinions of such lawyers as J. Scott Ferguson, ex-Solicitor William B. Rodgers, James S. Young, T. Walter Day and others, all of whom agree that Allegheny is a city of the gheny belongs to the third class and that the Mayor's term is for four years. Mayor Pearson says that he does not know of any man, whose opinion is valuable, who maintains to the contrary. The candidates for the succession are reported all to accept that view of the case.

HITHER AND THITHER.

Movements of Pittsburgers and Others of Wide Acquaintance.

-J. R. Morgan, ex-member of the Connecticut Legislature, passed through the city last night, bound for Arizona, to take charge of his cattle ranch there, where he has about 10,000 head. With him was S. E. McLean, of Columbus, O., who is interested with Mr. Morgan in a new silver mine, which is expected to develop largely and turn out, as the owners say, a regu-

HOW ELECTRICITY ACTED ON FLIES year closed. There are no more locally loyal citizens in the world than those of Pittsburg, but the sanguinely boastful of them could not say last night with any degree of truth: "There are no flies on Pittsburg." The plague of Egypt seemed to have struck Western Penn-sylvania, and the sins of the Egyptians sylvania, and the skins of the Pittsburgers.

Father Corcoran will assist her.

By the employment of ten teachers and
himself, Father Corcoran will have the were visited on the skins of the Pittsburgers. The flies, about the size of a fairly propor entered the cells and left with a boldness

which defied arrest and laughed as they

buzzed into the offi cers' ears that, "locks do

not a prison make, nor iron bars a cage." They invaded the sanctuary and knocked the bald-headed man's devotions out in the children. first round, who could listen to Ingersoll's arguments with undisturbed orthodoxy for years. They daringly lighted on the backs of ladies' necks and tickled the primmest spinsters in the congregation under the chin with impunity. The martyrdom these ladies suffered was to be pitied. Afraid to attract attention by slapping or scratching to relieve the tittlatory effects of the impious though diminutive demons, they sat, and only by the twitching of their facial

going revealed. NO HELP FOR ANYBODY.

muscles was the misery they were under-

Even the preacher did not escape, and reversed the text by swallowing gnats, probably in the dearth of camels. If the number of prayers in all the churches last night at all equaled that of the flies, and were all directed like the last general prayer meetings in favor of the Constitutional amendment, nothing could withstand such a prayer test and prohibition would be a dead certainty.

The arc lights were clothed in their usual brilliancy and unusual flies. The horizontal bars supporting the lights were increased in thickness an inch or more by the swarms of flies which sought a secure roost, oblivi ous of the present discussion, whatever the alternating current or some other electric wave was more likely to sweep them into the fly eternity. But they were probably not airaid, as there was an eternity of flies to

meet the contingency.
Of course the phenomenal liar was the resuit of the other phenomenon and stories began to fly thick and fast in rivalry to the other flying pest. There was the man who arrived from Altoona and said the train had een kept a balf hour late at the Walls station grade by the flies, attracted by the headlight, greasing the wheels so they turned on the track. The man who slipped under every electric light by stepping upon the piles of flies, batched to make an electric holiday, was suspected of knowing more about the locales of speak-easies than most of the city constables who responded to the

The street car passengers, whose motive mule power insisted on lying down and rolling over, thus causing the passengers to miss church services, were classified with the East End man who was on the cable car Diehi, to whom he applied some very which stopped at Lawrenceville through abusive language, and he was given his the conduit filling with flies, which greased

Altogether, to use the classical observa-tion of the newsboys, Pittsburg had a fly time last night, but where the little wretches came from, or what caused such an abnormal increase in the population not contemplated in any census reports no one could be found who could tell. The best informed people consulted said the wonderful increase and visitation of the winged pests are due to the recent warm and muggy weather which fostered the nuisances by swarms. The shower was blowing gently from the south-

IS OUT OF POLITICS.

Mr. Dallas Sanders Disclaims All Knowledge of Campaign Matters-He is Here on Private Business.

Hon. Dallas Sanders, of Philadelphia, ex-State Chairman of the Democratic State Committee, was at the Hotel Duquesne yesterday. Mr. Sanders states that he is out of ceive it.' politics entirely, and he refused to say anythat it was proposed to form a syndicate of thing about Bigler, Wallace, or any of the men enlisted in the present fight. He said that he had seen Hon. S. J. Randall very recently at Wallingford, and that, although the veteran statesman had been unfortunately affected by rheumatism, he hoped to be able to take his usual place in

Mr. Sanders states that he is here on business represented by real estate in certain ections of the city, particularly in Wilkinsburg and on Diamond alley. He is in favor of the widening of that immature thoroughfare, Both Mr. Sanders and his friend Mr. Samuel Dickson, of the Philadelphia bar, express great interest in the Fidelity Trust and Title Company.

Mr. Sanders said: "Our two concerns of the same nature in Philadelphia have been very successful. The stock of one of them is quoted at 500, and the other, I believe, at 160, which is certainly a handsome advance upon original investments."

THE TELEPHONE LIMITED.

A Special Train From New York to Minne apolis En Route.

The special train "Telephone Limited" passed through the city, following the regular limited, last night, having on board 54 delegates from the Eastern States to the convention of the National Telephone Exchange Association, to be held at Minneapolis next Tuesday and continuing for three days. Among the passengers were General C. H. Barney, Secretary of the Association; Governor A. A. Weston, of New Hampshire; G. Wabner, Superintendent of the Government telephone and telegraph system, Berlin, Germany, who is inspecting electrical devices in this country; Mr. and Mrs. Levi Sprague, of Lowell, Mass., and many others noted in the electrical world.

The train is composed wholly of vestibule cars. The train will stop in Chicago eight hours, and while there the passengers will be the guests of the Chicago and Central Union Telephone Companies, and will take lunch at the Electric Club. The Committee of Arrangements issued a pretty souvenir giving the points of interest along the

was organized yesterday.

The St. Paul's Cathedral Altar Society

A meeting of the ladies of the congrega-

tion of St. Paul's was held yesterday after-

noon in the basement of the church for the

purpose of taking steps to decorate and

maintain the altars of that edifice. Rev.

Dr. S. Wall, rector of the church, presided.

It was decided to form an association, and

the following officers were elected: Presi-

dent, Miss Mary McElroy; Vice President,

Miss Mary Marks; Treasurer, Miss Katie

Lang, and Secretary, Miss Katie Caulfield

When the present work of decorating the church is completed it will be necessary to

have new vestments for the altars. Any

member of the congregation can become

member of the association by the payment

of \$1 per year. The money will be devoted to the purchase of flowers, tapers, etc. A

committee will be appointed each month to take charge of the work. Heretofore this has been done by individuals, mainly by

the Misses McElroy. In every large city

the churches have alter societies but for

years there has been no such organizatio

SOME DERIVE NO BENEFITS. Every man should assist in paying toward the support of our schools. There are a large number of people who, although not Catholics, derive no personal benefit from the schools. Some send their children to other institutions of learning, very many have no children, yet they pay cheerfully.

uary 5. The priests who will conduct the mission will probably be the same as those who were at the Cathedral several months He then reviewed the history of Catholic countries. Trying to oust the Bible from our public schools was only the entering of the Catholic wedge. The second wedge was when Catholies took their children to separate rooms. Now they take them to their parochial schools, and demand a portion of

the public funds.

That is not all. Three leading clergymen of the Catholic Church in this city stated the Archbishop has threatened to ex-communicate any Catholic parents sending their hildren to the public schools. Thus foreign potentate.

Mr. Williams concluded with a passion-

ate appeal to resist the encroachments of the Cathole hierarchy upon American freedom and the public school privileges in every way possible, at the polls and everywhere

MR. LOCKE'S SERMON.

Liseners to Rev. C. E. Locke at the Smithleld M. E. Church last evening heard a vigoous sermon upon the subject of the Bible in the public schools, with an incidental attack upon the attitude of the Catholic Church in regard to free school

The text was Proverbs I:2: "The fear of Lord is the beginning of wisdom. After enlarging upon the necessity of a Christan education in order to subserve the best literests of citizenship, the speaker stated hat, while he did not desire to stand as an arraigner of the Catholic church, as the later had put itself in an indefensible position by its illogical opposition to the reading of the Bible in the public schools, he must say something in regard to the church in question.

He said: "The Romanists make a continual fight against the use of the Bible in public schools, and yet protest that they must educate their children in parochial chools in order to make sure of the religbus elements in the education. Could anything be more absurd? The parochial school is a menace to the liberties of a free people, this evening. It is probable that the disposition of the bequest of \$20,000, made by William Thaw, will be considered. Rev. Dr. B. F. Woodburn, the President of the President of the lower the day to come when a national law or the day to come when a national law. Board, said last evening: "The bequest is will be passed and enforced against the parochial school system. These objectors to he Rible in the public school are not entitled to respect, for their objections are dic-ated by prejudices in favor of the ignorance of the dark ages.

A MINORITY SHOULD NOT RULE. "It is the general opinion of the Christian world that the Bible should be read in pubic schools, and a minority, however detrimined, should not be allowed to obtain the slightest footbold. The atmosphere of the schoolroom should be clarified by the rading of God's word. All Christians nould deem it a paramount duty to protect ne Bible against those who are the enemies four souls. The Romanists have always teen secretive. Mystification is a cardinal feature of their creed, and to have the jounger generation grow up in utter ignorance of the teachings of the Bible would

eem to be their objective point."

Rev. Mr. Locke read a number of extracts from the utterances of Romanist ecclesi-astics, and closed with a prayer in which he thanked the Creator for free speech, religious liberty and a free press; offering petitions for "unbelievers who think they are liberal but are most bigoted of all people," and "any organizations arrayed against the reading of God's word in public schools."

A large audience was present. RIG CROWDS EXPECTED.

ONE BOY STABS ANOTHER.

They Quarroled and the Italian Planged Knife in Young Harris' Thigh-The Lat-

ter is Not Seriously Hurt. Young America's blood is up, or at least that part of it which courses through the veins of the newsboy element, at the fact that a native member of that fraternity was stabbed with a pocket knife in the hands of an Italian boy not yet a month in the country. The affair occurred about noon yesterday at the corner of Fifth avenue and Liberty street. Both boys are only about 11 years of age, but the Italian, whose name is Joe Annitze, is much the larger and stronger. The wounded boy is named Henry Harris, and lives at 421 Fifth ave-

The quarrel commenced over the Italian boy chasing Harris' younger brother, with whom Annitze had had an altercation, and when Harry interfered the juvenile brave resorted to his national resource, the stiletto, or its substitute, the knife, which he plunged into Harris' thigh, making an ugly but not dangerous wound. Officer Garrett Crossan arrested the boys, and after Harris' injuries were dressed he started for home. The Italian boy was held for a hearing this morning. Shortly after the affair occurred a reporter

Shortly after the affair occurred a reporter met young Henry on the street. "Do you want an item, mister?" he asked. "Yes." "I got stabbed. Dere was a dago done it." "A dago stabbed you? Where?" "Right dere in de leg. He made a big hole, too, but I got him in de police station. I'm goin' to tell my mother. She's goin' to make him pay fer it. I guess I'll make him pay \$21. Wouldn't you?" "Yes, that's not too much." "Say, mister, will he have to pay de noney to me or de feller in the police sta-

brick is composed of the best fireclay, and is said to be perfectly fire proof. It is also alleged to be impervious to acids, damp, etc., and suffer no deterioration from any kind of exposure for any length of time, is being practically imperishable. The reporter could not answer that ques-tion authoritatively, and Henry pursued his way homeward. Early yesterday evening the father of Joe Annitze, the boy who stabbed Henry Harris,

applied for his release at the Central station and was told \$50 would have to be put up as a forfeit. He sallied forth and apparently a forieit. He sallied forth and apparently canvassed the Italian colony, for an hour after or so he returned with eight other descendants of the Cæsars, and handed Sergeant David Myers a bundle done up in a blue checked handkerchief. It proved to contain \$14 in bills and some \$32 in small change, quarters, dimes and nickles, for the reason probably that small money was good enough security for a small boy. After a loborious count Inspector McAleese concluded as the full \$50 had not been raised to accept \$45 and Joseph was turned loose. He came out of his cell and laughingly greeted his father and countrymen, who looked solemn, however, as if debating whether the \$45 worth of boy was a good investment. \$45 worth of boy was a good investment. The boy is very stout and strong for his years and seems to feel no regret for what he has done.

ARMY OF THE CUMBERLAND.

Excursion to Chattanooga, Tenn. The Baltimore and Ohio Railroad will sell xcursion tickets to Chattanooga and return, at one lowest first class fare, September 15

to 19, inclusive, valid for return passage to and including October 10.

The Twentieth Annual Reunion of the Army of the Cumberland will be held at Chattanooga, Tenn., September 18 to 20, 1889. The programme mapped out by the committee will include visits to the famous battle-fields of Lookout Mountain, Orchard Knob. Mission Ridge and others in the immediate vicinity of Chattanooga; a reunion of Blue and Gray veterans on the battlefield of Chickamanga; reviews, camp-fires, banquets, fire-works, and other features of interest to the old soldiers and citizens.

The Western University Is one of the foremost and most valuable our educational institutions in the State. It is backed by a Board of Trustees, the members of which embrace many of the leading business and professional men of Pittsburg and Allegheny, and has a faculty compos of the most successful and experienced edu-cators anywhere to be found. With the completion of its new and elaborate buildings, hew courses, the material alread sessed, and what is to be added, the Univer sity offers such inducements as can rarely be found for a classical or scientific education. The large number applying for admission to its classes, the largest in the

Peter Tech, who is said to have been the oldest resident of Allegheny county, died at 3:50 o'clock yesterday afternoon, at his home on Herr's Island. He was 98 years old, and had lived in Allegheny county THE ONLY PLANT IN THE COUNTRY. Their Extensive Works Will Occupy a Whole

AN OLD RESIDENT GONE.

three quarters of a century. He was born in Baltime He was born in Baltimere in 1791, and when a young man footed it over the mountains to the Ohio Valley. When the war of 1812 began he enlisted at Salins, O., and served through that contest. After the war his regiment was mustered out at Pittsburg, and he settled here. He married a Miss Nevergold, of Butler county. Mr. Tesh was a butcher and acquired a competence at his vection. For 50 years he has lived on dustry which has hitherto been a failure in this country. It is the manufacture of gratulating themselves after a year's patient experiments. They have erected a building which covers a whole square, and the new industry will give employment to hundreds of people. is Dixon, Woods & Co., at the corner of South Thirteenth and Jane streets. For

He was confined to his bed only a week. To the last he retained consciousness and seemed to feel little or no pain. Yesterday morning he desired to arise from bed, but he was too weak. He passed away very easily. The funeral will be held at the house on Herr's Island at 2 o'clock to-morrow afternoon. The body will be interred at Union-dale Cemetery.

they were about to give it up. At last they succeeded, but their process of making the brick is a secret.

The best enameled brick in the world is made at Leeds, England, and those manufactured by the Southside firm are said to be their equal in every respect. Nearly all the enameled brick used in this country is imported. Last May the Superintendent of the Congressional Library building in Washington tried to place an order for 550,000 of the bricks in this country, but could find no person who could make them. The contract was then given to the English firm. In Europe most of the buildings are now being made of enameled brick, and on account of their beauty and durability the bricks are coming into use in this country. By not absorbing moisture they are recommended by physicians to be placed where it is necessary to study sanitary conditions.

The firm will start with a capacity of 25,000 bricks per week and will increase it to 75,000. PE 34

THE WORK PROGRESSING. B. & O. Director Talks on the West Virginia Extension of the Road.

One of the directors of the Baltimore and Ohio Railroad while in the city several days ago said the work on the extension of the old Pittsburg and Connellsville road, which extension will be called the Oakland and State Line Railroad, is progressing rapidly. The new road will run from ing rapidly. The new road will run from Confluence to a point 17 miles west of Deer Park. This was the original intention, but the road will be extended to Deer Park and eventually to Oakland.

The Baltimore and Ohio Company have leased the new line in order to make a connection with the Chesapeake and Ohio. From Confluence the road will run up the Youghloghery Birar in Germet to continue to the confluence the road will run up the Youghloghery Birar in Germet to continue to the confluence the confluence the road will run up the Youghloghery Birar in Germet to continue to the confluence the confluence to the confluenc

was a butcher and acquired a competence at his vocation. For 50 years he has lived on Herr's Island. He was the father of a large family, and all his sons were butchers like him. He was a hale, sturdy man, always enjoying good health. He was noted as a good walker, and kept up his walking until a few weeks before his death.

During his later years he has been an attendant at the Simpson Chapel of the M. E. Church. His wife lived to a good old age and died only four years age. Of their many children only three are living. William and George, who are butchers on Herr's Island, and Mrs. Mary Lans, who has been keeping house for her father. There are numerous grandchildren and quite a number of greatgrandchildren. Peter Moul, of the County Treaserer's office, is a grandson.

During the great flood of February, 1884. Mr. Tesh was the only person who remained on Herr's Island. A boat went out to take him off, but he refused to leave the garret of his house.
